SECOND LIFE BATTERY PROJECT

Thematic Focus	Energy transition	
Sector	Mines and Energy.	
Entities/Areas	Ministry of Mines and Energy.	
Contributing partner	Private	
Strategy of the National Development Plan to which it aims	Just energy transition and sustainable communities.	
ODS to which it aims	ODG 7 – Accessible and Clean Energy and d ODG 13 – Climate action.	
Description of Project	Purpose of the project	Extend battery life
	Objectives	Encourage the development of projects that impact the value chain around energy storage.
	Geographic Area of Influence	National
	It is included within the goals of the PND:	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
	Structuring Phase	Pre-structuring stage
	Goal: (km), (panels etc)	Strengthen at least (5) companies in the second use of batteries and battery manufacturing sector.
	It is located in a protected area or with indigenous/afro descendant communities:	Yes <input type="checkbox"/> No <input type="checkbox"/> x <input type="checkbox"/> Which _____

Description of Project	- Manual classification to identify SOC and SOH. - Use in solar storage systems	
Contributions	Total Value	US\$ 150,000.00
	Nation Contribution	
	Contribution of Territorial Entities	
	Private Contribution	US\$ 150,000.00
Opportunity to Investment	Creation of a national ecosystem to improve the useful life of solar storage batteries.
